BOUNTY RULES AND POINTS

Blockchain Development Company (known as BCDC) are holding a Token Sale Event for **BCDC Tokens**. We are running a community Bounty Campaign in support of this; which will run between the 9th of September to the 9th of October. The vision of BCDC is very clear and simple; to "**Save our planet with Smart Contracts**". To achieve this goal BCDC is seeking people to spread the word about our campaign in return for BCDC Token rewards. to make this possible BCDC are holding a **Bounty Campaign**, a program to motivate and reward supporters and people who wish to promote this campaign.

All the eligible participants of this Bounty Campaign will be rewarded with BCDC Tokens. BCDC is allocating 10 Million BCDC Tokens for eligible Bounty participants.

This document contains basic rules to be eligible for rewards and explains how the points will be calculated on each activity by participants. However, bounty rewards points received don't have a direct correlation to allocation of BCDC tokens. This decision will be made on an effort-to-reward ratio. We request that all Bounty Program participants to go through this guideline carefully before signing up.
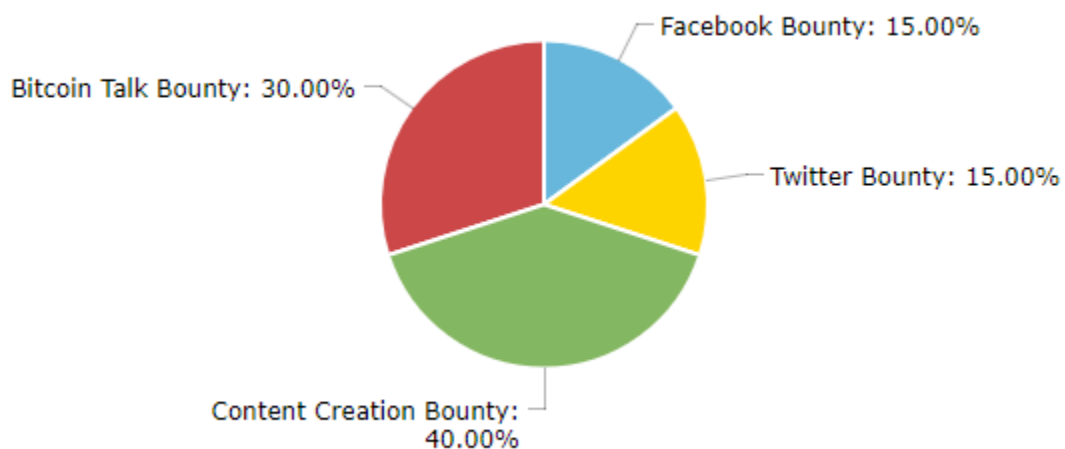

Contents

Reach 1500 points	+1000 bonus points
Reach 3000 points	+5000 bonus points

POINTS CALCULATION PROCESS

BCDC team wants to have a bounty program which is very transparent, so here is the points calculation process described below.

- Every activity you perform to support BCDC we request you to submit on http://bounty.bcdc.online/ using your credentials.
- Our Admin Team will verify and points will be allocated based on the type of support activity.

To get more details on how to submit a post, kindly check our user guide.

GENERAL RULES

- All the rewards will be made at BCDC discretion.
- If the BCDC team find any manipulation in terms of getting points through artificial likes, shares or user clicks we may disqualified the participant at any time.
- At the end of bounty campaign, we will count all your points and rewards will be based on your total points.
- Once the campaign is finished the participant will get an email about the BCDC reward tokens they will get in their Ethereum address which they have provided at the time of registration.
- Unlike other bounty programs, rewarded tokens will be available before token sale starts for sale. But participant can exchange only after a successful token sale.
- BCDC Team reserves all the rights to change the bounty campaign or its rules at any time. Participant will be notified via email in case of any changes in bounty campaign.
- In case of any issue with points calculation or special rewards participants can contact on tokenpurchase@bcdc.online.
